PATENT

## INVENTOR'S DECLARATION

As below-named inventor, I hereby declare that:

My residence, mailing address, and citizenship are as stated below next to my name.

I believe I an original, first, and joint inventor of the subject matter which is described and claimed and for which a patent is sought on the invention entitled

### POLYAMIDE SUPPORTED METALLOCENE CATALYSTS

the specification of which was filed August 26, 2003 and assigned serial no. 10/648,716.

I have reviewed and understand the contents of the above-identified patent application, including the claims, as amended by any amendments referred to above; that I do not know and do not believe that said invention, design, or discovery was ever known or used in the United States of America before our invention or discovery thereof, or patented or described in any printed publication in any country before our invention or discovery thereof for more than one year prior to this application, or in public use or on sale in the United States of America more than one year prior to this application; that said invention, design, or discovery has not been patented or made the subject of an inventor's certificate issued prior to the date of this application in any country foreign to the United States of America on an application filed by me or my legal representatives or assigns; and that I acknowledge my duty to disclose information of which I are aware which is material to patentability in accordance with 37 C.F.R. Section 1.56(a).

I acknowledge the duty to disclose to the Patent and Trademark Office all information which is material to the patentability as defined in 37 CFR 1.56, including for continuation-in-part applications, material information which became available between the filing of the prior application and the national or PCT international filing date of the continuation-in-part application.

I hereby claim no foreign priority benefits under 35 U.S.C. § 119 or § 365 of any foreign application(s) for patent or inventor's certificate on which priority is claimed.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
